

## Water Study - The Doris Humphrey Legacy

Choreography by Doris Humphrey  
Performed in silence  
Performed by Doris Humphrey Workshop  
Dancers  
Analysis & Coaching by Ernestine Stodelle  
Water Study is one of the first works Humphrey composed as an independent choreographer. Imagistically conceived, Water Study conjures up a variety of sea moods from calm to turbulent. Performed in silence, the dance calls for subtle yet complex ensemble work: completely synchronized rhythmic timing between the dancers. Produced by The Doris Humphrey Society with a grant from The National Initiative for the Preservation of American Dance, underwritten by the Pew Charitable Trusts and administered at the John F. Kennedy Center for the Performing Arts.
