

Star Trek Who Killed Captain Kirk?

The U.S.S. Enterprise TM has encountered many strange beings and situations but none has chilled them to the bone more than death. Someone aboard the starship has killed Captain Kirk -- or so it seems. While the Captain recovers, it falls to his loyal crew to uncover the facts behind the case and learn whether one of their own is a cold-blooded killer. The investigation is hampered by the unwanted arrival of the Klingons and an ill telepath who sends the entire crew on a journey through Dantes inferno. And then, just when everything is starting to calm down, Finnegan, Kirks nemesis from his Academy days, arrives to take charge of the mystery. Murder, mayhem, a wedding, and loads of action mark this graphic collection of stories featuring the Star Trek debut of acclaimed author Peter David.
