Cast iron cookware has been necessary equipment for a well-stocked kitchen since it first became available through mass-production in the 19th century. These solid reminders of a bygone era—cornstick pans, griddles, Dutch ovens, gem pans, and teapots—can be displayed proudly and used everyday. With over 900 photographs documenting variations of shape, size, dates, moldings, finishes, hardware types, catalog numbers and markings, this book is much more than an encyclopedia: it is the definitive reference. This book contains comprehensive histories of the manufacturers Griswold, Wagner, Sidney Hollow Ware, Favorite, and Wapak, as well as patent lists for meticulous researchers.
