

Copyright Law: A Guide to Irish Law

Written in a clear and accessible style. There is no system of registration for copyright protection in Ireland as copyright arises automatically on the creation of an original work. This book helps to explain the area of copyright law in order that you can negotiate this area with confidence. The Copyright Act 2000 and all European legislation and relevant Irish and European case law are explained in a clear and practical manner. Helen Johnson is a Barrister-at-Law.
